Project: Working with a Mock Client

Part 1

Project Listing

Sample Project Listing #1:
Web Development

Web application development support needed for healthcare application.

Posted 2 hours ago

Hourly: $35.00 - $65.00 Based on experience.
Project Time: 3 months, 25 hours a week.

Project Description:

We are a web development company working with a healthcare client looking to connect patients directly with their doctors. We need someone to be able to take PSD mockup files from our designer and convert them into custom code using HTML, CSS, and JavaScript. We have not decided on which JavaScript library to use, but will be open to working with the one you're most familiar with. We have the designs for 10 pages and will need them to be completed in 3 months. We are open to working with all levels of experience, but the pay will be adjusted based on your experience.

Expression of Interest

Expression of Interest (Provided)

Which Sample Project Listing did you select to respond to?

Answer: Web Development

Expression of Interest:

Dear customer, I would like to welcome you first. I understand what you need to connect patients directly to their doctors with custom code using HTML, CSS and JavaScript. I have done many projects similar to this. It is very simple. I will use the Angular JS library for this project. This will result in faster information exchange, very safety, and it will also reduce effort and save time. The price quoted is satisfactory and I will give you an additional discount as you are a new customer to me and until there is a joint business between us after that.

I am Ahmed Mostafa from Egypt and I work in the field of web development and solutions. I have a year of experience in this field, and I will complete the project on time, which is 3 months. I am happy to work with you, as I make a phone call or through the Zoom platform for free for 30 minutes.
